HOME LANGUAGE SURVEY

1. Parents/guardians of all new students (including preschool and Kindergarten) complete this form at the time of enrollment and record all information requested. Provide interpreting services whenever necessary.
2. Ensure that all questions on the form are completed. Determine which ESL Program staff will review the responses, interview the parent as necessary, and/or observe the student to determine the home language. If the parent lists more than one language other than English, the reviewer must determine which one is the child's home language for data collection purposes and document it on this form.
3. If it is determined that a student's home language is other than English, notify ESL staff who will administer the English language proficiency test. Follow your protocol to collect and document the student's scores. Submit a copy of this form with W-APT test scores.
4. Place the original form in the student's cumulative folder and submit a copy to ESL staff at the school.

STUDENT NAME AND PHOTOGRAPH/VIDEO PRIVACY RELEASE

This form explains the potential uses of student photographs and video images by Northampton County Schools (NCS) and allows you to grant or deny permission to the NCS to release your child's image for display or publication.

Yearbook and class photos are handled separately. If you do not want your child to be in the class photographs or yearbook, contact the school directly.

This form also allows a parent or guardian the choice whether or not their student may be identified by name on the school or district's Internet websites. Student names may be released unless a parent or guardian has expressly contacted the school and requested that their student's "directory information" not be shared. However, as a safeguard, the district does not directly publish student names on the Internet unless given permission by a parent or guardian.

The NCS uses internal and external media to highlight the k-12 experience in a variety of ways, which may include the use of photographs and videos of students. For example, student images may be published or displayed in printed materials (such as brochures and newsletters), videos, school websites, and information about school events and activities provided to external organizations and media outlets. Parents have two options for granting or denying consent:

- Parents may deny permission for any display or publication of their student's image. You should select this option if you do not want your student's photograph to be used on the NCS or individual school websites, in NCS or school publications, or in release to external organizations (such as PTA and booster clubs) or the media.
- Parents also may grant permission for their student's image to be published or displayed in print, video, and/or digital media. Select this website, and maybe release it to external organizations (such as PTA and booster clubs) or the media.

Please complete this form and have your student return it to his/her school. This consent form remains valid throughout your student's K-12 experience with NCS or until a new form is completed and signed by a parent/guardian or eligible student.
